## **ADD-vance**

ADD-vance is a dedicated group of professionals, who also happen to be parents of children affected by ADHD and/or Autism. Our mission is to support the families of children affected by these conditions and the professionals involved in their care. We want to increase understanding, provide support and change perceptions of these complex neurological conditions, so as to improve the wellbeing and reduce the social isolation of these young people and their families.

**ADD-vance**  
The ADHD and Autism Trust

## Parents & Carers

Here at ADD-vance we are passionate about supporting families. This is because we all live in a family with members affected by ADHD, Autism or a related condition. In our opinion, nobody understands living with additional needs more than the parents who have walked the walk, not just talked the talk. This is why all our trainers, coaches and most of our admin staff are parents or carers of children or young people with ADHD, Autism or a related condition. We know that sometimes we all just need a helping hand, whether that be a simple chat to another parent in the same position or something a bit more structured, like a few sessions with a professional and understanding coach. We offer a range of services throughout Hertfordshire aimed at helping parents and carers to understand and support these complex conditions.

## Assessment Project

We are excited to announce that The Assessment Team have teamed up with ADD-vance to provide free ADHD (Attention Deficit Hyperactivity Disorder) or ASD (Autism Spectrum Disorder) assessment for children in Hertfordshire who are in primary school years 5 & 6 and are eligible for free school meals. # SUPPORT WITH SEND RESPITE CARE

## Herts Parent Carer Involvement

### Getting help with Social Care

Social care in Hertfordshire is made up of the following:

#### Short Breaks

Short breaks offer disabled children and young people the chance to spend time out with others socialising and doing fun activities, giving their families a break and providing them with the confidence their child is well supported by a trained worker.

#### Direct Payments

After an assessment, some families may receive direct payments. This is money given to a parent of a child with a disability, or to a young person with a disability aged 16 or 17. This allows you to pay directly for support.

#### Shared Care

This is family-based care that provides short breaks to Disabled Children and Young People from 4-18 years of age. Carers are from a wide variety of backgrounds and can be individuals or couples, male or female, with or without children and may have pets, some carers work others may be retired.

#### Residential care

Some young people with disabilities and complex health needs may be eligible for a residential short break especially if they require support throughout the night.

## Carers in Herts

Our Carer Engagement Workers focus on engaging with carers who are looking after someone with the following needs:

- Older People aged 65 and above
- Adults with dementia
- Parents caring for someone aged up to 25 with Special Education Needs and Disabilities (SEND)
- Adults with a learning disability
- Adults with a physical disability
- Adults with an Autism Spectrum Condition
- A young person under 18 or adult with mental health
- Adults who misuse drugs or alcohol or in treatment or recovery from substance misuse
- And work with Gypsy, Roma and Traveller communities in Hertfordshire

## Amwell View Respite & Hospice Care

### Shared Care

This scheme has been running successfully for several years. social workers introduce parents to families who are willing to have a child with severe learning difficulties join their family for a day, weekend or longer period. Parents interested in the scheme should ask for details from either the headteacher or their social worker.

### Direct Payment Carers

Social care packages may include direct payments which allows parents/carers to employ a carer to support their child to activities or clubs in the local community which offers some respite.

# EHCP INFORMATION

## EHCP Information

### What is an Education, Health and Care plan? (EHCP)

An education, health and care plan (EHCP) is a legally binding document that:

- describes all of the special education, health and care needs of the child or young person which relate to their disability
- sets out all of the extra help and support they will need to overcome barriers to learning
- identifies meaningful education and other outcomes they would like to achieve as they prepare for adult life.

### The EHCP process in Hertfordshire

#### 1. Requesting an EHC assessment

This is usually done in partnership with your child or young person's educational setting, or if your child does not attend one, you could speak to your GP or health visitor.

#### 2. Deciding whether an EHC assessment is needed

Not everyone meets the criteria for an EHC needs assessment. If we (Hertfordshire County Council) decide not to assess, we will let you know why.

#### 3. What happens during the EHC assessment

Professionals such as teachers and health professionals provide information for the assessment. If it is concluded that special educational provision is needed to meet your child's needs, you will get an EHCP.

#### 4. The EHCP document itself

We (Hertfordshire County Council) create EHCPs together with families. An EHCP should be a forward looking document, centred on your child's own future goals, and how they can achieve them.

#### 5. Reviewing the EHCP

You will be offered a review of the EHCP at least once a year to ensure it stays up-to-date and continues to provide the best support your child or young person needs. There are different types of review, if your child is aged between 0-5 for example, or if there's been a change in your circumstances such as changing schools.

## North Herts Primary Support Service

North Herts Primary Support Service (NHPSS) is a commissioned service providing social, emotional and mental health (SEMH) support for pupils in Letchworth, Baldock and Royston partnership areas.

North Herts ESC have created the North Herts Primary Support Service (NHPSS) to provide primary support services to Letchworth, Baldock and Royston schools.

The baseline outcomes are that pupils worked with by the NHPSS will make positive progress and achievement. Engage in learning as a result of the work done with their social, emotional and mental health difficulties, allowing them to access a full curriculum by helping to remove their barriers to learning.

As part of this support we expect to have varying parental contact, especially for pupils who require complex support to meet their needs. This can include but not limited to: regular meetings, input into EHCP process and involvement within the safeguarding sector.

Contact NHPSS via email: [supportservices@northhertsesc.herts.sch.uk](mailto:supportservices@northhertsesc.herts.sch.uk) More information including our GDPR policy can be found on our website: [www.northhertsesc.herts.sch.uk](http://www.northhertsesc.herts.sch.uk) (Please click on Our Services, then Primary Outreach)

## HPOSS

---

### **Hitchin Primary Outreach Support Service**

Hitchin Primary Outreach Support Service HPOSS is based at Oughton Primary & Nursery School, Mattoke Road, Hitchin SG5 2NZ Tel:01462 450716.

The outreach service covers primary schools in Hitchin and the surrounding villages.

As a team we are able to use our combined experience and skills to support settings and children with Social, Emotional and Mental Health needs SEMH and SEND that are at risk of exclusion.

Our support may include-

- direct work with pupils
- advice and training for staff
- assistance with identification of needs
- development of strategies and policies

Individual work with children and school settings is through referral to the service. We use the Hertfordshire Behaviour Strategy tiered system, to help identify the level of support required.

## DSPL 1

Delivering Special  
Provision Locally

### North Herts DSPL1 Area 1 - Hitchin, Letchworth, Baldock and Royston

#### What is Delivering Special Provision Locally (DSPL)?

DSPL is a Hertfordshire-wide partnership approach where parents, carers, staff in early years settings and schools, further education colleges, local authority officers and representatives from other agencies, work together as part of an Area Group, to ensure that there is a range of provision and support services available in their local community that :

- Meets the needs of children and young people with special educational needs and/or disabilities (SEND), aged 0-25, as close to home as possible.
- Improves outcomes for wellbeing and attainment
- Widens choice for children and parents/carers
- Removes barriers to learning
- Uses resources more effectively
- 

There are nine DSPL Area Groups across the county that meet regularly to discuss what services are available and to influence how services are shaped and developed to ensure the children and young people with SEND in their area receive the right support in their educational activities.

Please find information relating to [Hertfordshire Grid for Learning](#) on their website.

## SLCA TEAM

---

### **SLCA Team (Speech language communication and autism):**

This team provides specialist advice and intervention for children and young people with autistic spectrum conditions and/or speech, language and communication difficulties.

We are a team of qualified teachers and specialists who support children and young people who have needs relating to speech, language, and communication needs (SLCN), and/ or communication and autism.

#### **Who we support**

##### Children and young people 0 - 25

We work with children and young people aged 0 – 25 years old with communication and autism needs and / or SLCN.

##### Parents and carers

We provide Early Years (ages 0-5) autism training and techniques for parents and carers to help them support their child at home in preparation for education.

We work closely with parents and carers when providing advice and guidance for schools.

##### Schools and education providers

We work with professionals to provide advice and guidance to schools and help them support children and young people with speech, language, communication and autism needs. We draw on a range of recognised approaches such as Elklan, the Autism Education Trust, SCERTS, TEACCH, and Attention Autism. We also offer targeted training to schools to help them improve the support they offer for children with speech, language, communication and autism needs.

For more information including how to request support, please visit <https://www.hertfordshire.gov.uk/microsites/local-offer/services-for-children-and-young-people/communication-and-autism-team.aspx>

## FAMILY SUPPORT WORK

---

### School Partnership Family Support Workers

Providing a quality family support service with experienced and qualified Family Support Workers.

#### Why a Family Support Worker?

Referrals to our support service come through your child's school and are only provided with parental consent. We can help with a number of things relating to your child and family life. This could be signposting the right services, attending appointments with you, help completing forms, concerns over debt or perhaps giving guidance on trying new routines to help at home.

#### How it works

Your child's school will discuss with you why they think a referral will be beneficial. If you are unsure at this stage, one of our team members could meet with you at your child's school. Once you have agreed to the referral and have consented to our intervention, one of our team members will call you to arrange an initial meeting. This could be held at our offices in Hitchin, at your child's school or in your home.

#### Together we would hope to:

- Promote family led approaches that are realistic and sustainable for you.
- Identify strengths, help to build upon self-esteem and confidence to sustain changes.
- Offer regular meetings together to review progress and barriers.
- Work alongside you as a professional friend.

If you feel you could benefit from family support, please contact your child's school who can make a referral.

## INTENSIVE FAMILY SUPPORT TEAMS (IFST)

---

### Intensive Family Support Teams

The Intensive Family Support teams (IFST) work with families with multiple and complex needs who would benefit from intensive support.

The help they provide depends on each family's situation, but examples of issues they help with include:

- parenting skills
- improving school attendance
- training to help find a job
- help with housing problems
- managing money and debt.

There is no age focus for the service, as long as there is a dependent child (under 18) in the family.

The focus instead is to provide practical support to the whole family, when there is evidence of 4 of the following presenting issues being a concern to professionals across more than 1 family member, or the family are identified as requiring intensive whole family support which no other services are available to provide:

- parents or children involved in crime or anti-social behaviour
- children who have not been attending school regularly
- children who need help (for example they have had an assessment in the last year)
- adults out of work or at risk of financial exclusion or young people at risk of worklessness
- families affected by domestic violence and abuse
- parents or children with a range of health problems.

If you feel your family might benefit from some support, there are two ways to get in touch with a Families First professional:

1. Contact a professional who already works with your family, for example a health visitor, family support worker, teacher or school, youth worker, family centre or Carers in Herts.
  2. Contact our customer service centre 0300 123 4043
- Phone lines are open: Mon - Fri 8am - 8pm, Saturday 9am - 4pm

## HOME-START

---

**Home-Start works with families in communities right across the UK. Starting in the home, our approach is as individual as the people we're helping. No judgement, it is just compassionate, confidential help and expert support.**

Home-Start Hertfordshire provides families struggling with post-natal depression, isolation, physical health problems, bereavement and many other issues the support of a volunteer family mentor who will spend around two hours a week in a family's home. Through practical and emotional support, they make sure parents have the skills, confidence and strength they need to nurture their children.

The model works because our family mentors are parents or have experience in caring for children. They understand how hard it can be. They work alongside parents, in their own homes, to help them cope with the stresses and strains of life and be the best parent they can be.

Areas covered by Home-Start Herts:

- North Herts
- Stevenage
- East Herts
- Dacorum
- St Albans
- Welwyn and Hatfield

Families can refer themselves or can (with the parent's permission) be referred by health, or other relevant professionals, who have concerns.

To find out more or make a referral visit: [www.home-startherts.org.uk](http://www.home-startherts.org.uk)

## HOUSING

---

### Social Housing

Social housing in the district is for local residents with a housing need, for example due to overcrowding or because they need to move on medical grounds.

In North Hertfordshire social housing properties are owned and managed by housing associations, or registered providers of social housing.

The Common Housing Register is the waiting list for social housing in North Hertfordshire. You can apply to join if you are aged 16 years or over.

Apply for housing at Home4U: <https://www.home4u.org.uk/>

### Support from settle

Sometimes we just need a bit of help. Someone who can listen and offer us practical help and suggestions. If you're struggling to cope we can help. If you need professional help that we can't offer, we'll always direct you to organisations that can.

## CAPA FIRST RESPONSE

---

**We support families and professionals impacted by child or adolescent on parent abuse.**

Are you experiencing harmful and/or aggressive behaviours from your child?

We are here to support you, and help improve relationships within your family.

We offer 1 to 1 sessions with our trained, specialist practitioners. We'll help to create an action plan so that everyone feels safe at home. We are a fully inclusive, offering our services to all, regardless of location.

Every child, and every family is different, and we tailor our support to suit each individual situation.

**What does it cost to access your services?**

We offer Free or low-cost sessions, – to ensure everyone can access our services. All our family services are offered on a 'pay what you can' basis, and if a family cannot afford to pay we can still help them thanks to funding primarily from The National Lottery Community Fund.

**How do I book a session with Capa First Response?**

Please email us at [info@CapaFirstResponse.org](mailto:info@CapaFirstResponse.org) with a short summary of what your family is experiencing and we will be in touch. Usually we respond within 3 working days with advice on next steps and current waiting times.

**Are sessions on line? What platform do you use?**

We can be flexible to meet your needs. We primarily use Zoom for video calls, however we also can use whatsapp video call, or even teams, as well as calling you on the phone. We want to make it as easy for you and your family as possible!
