

Supporting Children and Young People A Graduated Approach

This session provides an opportunity for SENCOs and other stakeholders to think about how we support pupils with SEND in school and develop inclusive practice. It will explore our understanding of Universal, Targeted and Specialist Provision in our settings and what support is needed to deliver this and ensure our pupils needs are met alongside their peers in mainstream settings as local to their home as possible

Sally Glossop Interim Strategic Lead for SEND will support the session, any suggestions will be used to help shape the graduated response as we transform SEND services and develop a local model of support

Shape our SEND services
Are you a parent/carer of a child
or young person with SEND?
