Supporting your Neurodivergent Child handbook

Hertfordshire County Council and the NHS are delighted to share with you the exciting and new Supporting your

Neurodivergent Child handbook that has been developed for Hertfordshire parent/carers and professionals. The Neurodiversity Handbook has useful resources, support and signposting on a whole range of things relating to Neurodiversity. The resource is accessible to all regardless of whether the young person has a diagnosis or not, and can be used at any point during a young person's journey.

Children & Young People's Therapies referral forms are now Online! What is changing?

Starting on the 4th March, HCT will launch the updated digital referral forms. These changes have been made to help improve patient experience by providing easier access to services and streamlining the overall process.

CYPT services includes Children's Occupational Therapy, Physiotherapy & Speech, and Language Therapy. The digital referral form route is accessible by an online link for use by appropriate referrers including Schools, Parents/Carers, Self-referrals, GP's and Health Care Professionals.

You can make a referral to these services by following the below links or visiting our website www.hct.nhs.uk

Mental Health Survey for young people and their families (ages 5-18)

We're looking for feedback from parents, carers & young people in a short survey which will help us understand more about people's experiences of Children & Young People's Mental Health Services (CYPMHS). Complete the survey to be in with a chance of winning Wagamama and Hollywood Bowl vouchers. Tell us your views by 20 September.

Nutritionists supporting one to one sessions at First Steps ED

Nutritionists are now embedded into one to one support pathways at First Steps ED. This is following the latest advice and guidance in ensuring the best outcomes for children and young people with eating difficulties.

<u>First Steps to Understanding Eating Disorders (First Steps ED)</u> is for Hertfordshire's children and young people aged 5-18, parents/care givers. The service provides digital and face to face one-to-one support sessions, as well as weekly psychoeducation and group support programmes (Wellbeing Workshop, Avoidant Restrictive Food Intake Disorder (ARFID) Support Group, Binge Eating Workshops etc). Parents, carers and older siblings can also gain access to First Steps ED's Parent Support Programme.

Free online wellbeing groups for neurodivergent and/or disabled young people (ages 13 - 25)

Young neurodivergent and/or disabled people aged 13-25 (plus those awaiting diagnosis or young people with suspected diagnosis) can join KIDS for free self-care groups, every Thursday 3pm - 4pm throughout summer. Every week will be different. This is a space for you to recharge and reset. Every session you will be able to talk and get to know other young people. These will be safe spaces for peer support and connection so this is the place to share experiences and ask for advice. There will be an opportunity to try different types of movement such as dance, yoga and stretches. We'll end each session with some mindfulness that might include music and sounds.

All activities are optional and you can join to talk and/or listen only. You will be able to take breaks when you need. All the movements can be adapted to be done from a chair. In the past, we have run peer support groups on:

- Social anxiety
- Protecting our mental health online
- Boundaries
- Autistic burnout
- Making a self care plan

Young people suggested all the topics above themselves for groups and we are always open to what young people would like to talk to about. The young people have also suggested film and book discussion groups and a group to talk about their special interests, there is no shortage of ideas on what to do moving forward. All of the groups have time for the young people to input on what they want to do next.

The groups can be a really good place to learn about neurodivergence in general and managing your mental health with respect to this and to ask any questions when you are at the start of the diagnostic process.

If you have any questions or want to have a chat about this group, please email Orla at orla.price@kids.org.uk. Orla can also set up meetings with young people 1:1 to provide any support or answer any questions to do with accessing the groups.

View all of the wellbeing groups - Young People's Hub from KIDS

'Cogs' wellbeing app for neurodiverse young people (ages 14+)

Register for free access on the Toolbox website

'Cogs' is a wellbeing app created by and for the neurodivergent community. For ages 14+, it can help young people navigate their day, understand more about autism and ADHD and build positive habits.

Join Team, our 12-week personal development programme for the change to gain new skills, take a qualification and meet new people. For ages 16-25.

Take on your own group community project. Take part in an action-packed residential trip. Get two weeks' work experience. Develop your English and Maths skills. Spend some time developing your CV and interview skills.
