Help us improve the process for Stage 1 SEND complaints (all ages) Colleagues from our SEND Resolution Service (the team that manages complaints and appeals about EHCPs) would like to hold a parent carer experience group. If you are a parent carer who submitted a stage 1 complaint, which has since been closed in the last 3 months, the team would love to hear from you. A stage 1 complaint is the first stage of the formal complaint process. What will the group be like? The group will help the Resolution Service gain an understanding of your experience with the SEND service and how we can share this learning to the wider service to enable improvement and development, with a focus on seeking early resolutions for families. A member of the team will be there, and service managers from other teams may also attend, to hear feedback about other parts of the SEND system, too.		If you are interested and would like to find out more, please email sendstrategy@hertfordshire.gov.uk. We are holding the first session on Thursday 8th May, 10-11am, online. If you cannot make this date and time but would be interested in taking part in the future, please get in touch and we can contact you ahead of the next session.

Have your say on SEND in Hertfordshire - a message from Hertfordshire County Council

Hertfordshire's [SEND Summit](#) is taking place this September, and we want to ensure that the voices of families are at the heart of it. Your experiences and ideas will help shape the event and our future SEND Strategy. The survey includes questions about your experiences with SEND services, what you think should be discussed at the summit, and what changes would make the biggest difference to your family.

Please take a few minutes to [complete this short survey](#) and share your views.

Your feedback will help us improve support for children and young people with SEND across the county. Thank you for being part of this important conversation.

How to make a referral to new Herts counselling and creative therapies services

Hertfordshire's new county-wide counselling (previously known as community counselling) and creative therapies services open for referrals on 1 April 2025 for children and young people from the age of five, up to their 19th birthdays who are registered with a Hertfordshire GP.

Both services accept self-referrals, as well as referrals via professionals. They will both be offering groups, one-to-one, online and in person options, at various locations throughout the county, based on the specific needs of each child/young person.

How do I know whether counselling or creative

therapies would be more suitable for a child or young person?

Different therapies work for different people at different times.

Counselling can work well for children and young people who feel able to open-up to a registered counsellor about things that may be quite personal or difficult for them to talk about, including their feelings and behaviour. Creative therapies may be more suitable for those who find it easier to understand and express themselves through creative art forms, such as play or drama with a registered creative therapist.

If you're still unsure, please don't worry! As part of their assessment process, Hertfordshire Mind Network (counselling provider) and Signpost (creative therapies provider) will consider which type of therapy may be most suitable for a child or young person's needs.

Find out more and make a referral for:

- Counselling from Hertfordshire Mind Network (link/information coming soon)
- *Creative therapies from Signpost) (link/information coming soon)

*Creative therapies is a newly funded service in Hertfordshire from 1 April 2025, with a limited number of funded spaces available for children and young people who might benefit from it.

Hertfordshire's CYPMHS system will be closely monitoring demand for creative therapies against Signpost's capacity, as well as the outcomes for the children and young people who use this new service.

Please bear with us during this information-gathering period and please also ensure that children, young people and families are aware of and using the wide range of other Herts CYPMHS whilst they are waiting: www.hertfordshire.gov.uk/youthmentalhealth
